TECHNICAL SPECIFICATIONS

Engineering Detail

The TXM9600 is a dual-band DMR digital mobile radio (VHF 136-174 MHz / UHF 400-480 MHz) with 45W in VHF and 35W in UHF, ideal for operations requiring powerful and flexible communication. Its 1000 programmable channels ensure comprehensive coverage.

Designed under MIL-STD-810, it offers extreme durability in demanding environments. Includes digital encryption and DTMF for secure and efficient communications.

SPECIFICATIONS · CONSTRUCTION

Canales	**1000**
Protocolo	**DMR Tier I y II / Analógico**
Bandas	**VHF 136-174 MHz / UHF 400-480 MHz**
Potencia Vhf	**45W**
Potencia Uhf	**35W**
Cifrado	**Digital integrado**
Modos	**Simplex / Semi-dúplex / Repetidor**
Llamadas	**Selectivas individuales y grupales**
Mensajería	**SMS digital**
Dtmf	**Teclado en micrófono**
Compresión	**Audio digital DMR**
Micrófono	**Con teclado DTMF integrado**
Resistencia	**MIL-STD-810 C/D/E**
Alimentación	**12V DC vehicular**
Montaje	**Kit vehicular incluido**
Programación	**Software y cable incluidos**

COMPATIBILITY · FEATURES

PROFESSIONAL FEATURES

- Scrambler de voz para comunicaciones privadas
- 16 canales configurables por software
- Batería Li-Ion 2500 mAh alta capacidad
- Función VOX para transmisión manos libres
- CTCSS/DCS con candado de canal ocupado
